CHAPTER I

SECTION 1. PURPOSE OF THE AKC LURE COURSING PROGRAM. The American Kennel Club offers Lure Coursing Tests and Lure Coursing Trials in order for sighthound breed owners to evaluate the working abilities of their hounds. These events are artificial simulations of live game or open field coursing. The purpose of the Lure Coursing program is to preserve and develop the coursing skills inherent in sighthounds and to demonstrate their ability to perform the function for which they were originally bred.

LURE COURSING TESTS AND TRIALS ARE SPORTS, AND ALL PARTICIPANTS MUST BE GUIDED BY THE PRINCIPLES OF GOOD SPORTSMANSHIP BOTH ON AND OFF THE TEST AND TRIAL FIELDS.

SECTION 2. LURE COURSING TESTS AND TRIALS DEFINED.

A **LURE COURSING TEST** is a non-competitive event at which instinct tests and qualifying tests are run for eligible sighthound breeds. Tests are pass/fail events. They may be conducted by a club which is a member of The American Kennel Club or a club which is licensed by the American Kennel Club.

A **LURE COURSING TRIAL** is a competitive event at which Open, Special and Veteran stakes are offered for eligible sighthound breeds. Championship points toward titles are earned by dogs competing in trials. They may be conducted by a club which is a member of The American Kennel Club or a club which is licensed by the American Kennel Club.

SANCTIONED LURE COURSING TESTS AND TRIALS are informal events, held by a club after obtaining the sanction of The American Kennel Club, at which hounds may participate, but not for titles. Sanctioned events are events that qualify new clubs to hold AKC events.

SECTION 3. ELIGIBILITY OF SIGHTHOUNDS. Lure Coursing tests and trials shall be open to eligible breeds one year of age or older. For a complete listing of the breeds eligible to participate in the AKC Lure Coursing program, please visit the AKC website at: http://www.akc.org/events/lure_coursing/eligible_breeds.cfm. *Note: Portuguese Podengo Pequenos are not eligible to compete for Best In Field.*

Eligible dogs must be either individually registered with AKC, recorded with the Foundation Stock Service (FSS), individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration, or that have been granted a Purebred Alternative Listing (PAL/ILP). Dogs or bitches with a Purebred Alternative Listing/Indefinite Listing Privilege

(PAL/ILP) must be spayed or neutered in order to compete. Hounds may not be entered as “registration pending” or “PAL/ILP pending” whose pedigrees are acceptable for AKC registration. A dog with an AKC Limited Registration or Conditional Registration shall be eligible to be entered in Lure Coursing tests and trials, as are spayed and neutered hounds. Monorchid and cryptorchid hounds are ineligible to participate. FSS breeds may earn suffix titles only.

A dog that is individually registered with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration may be entered in licensed or member field trials that are held no later than 30 days after the date of the first licensed or member field trial in which the dog was entered, but only provided that the individual foreign registration number and the name of the country of birth are shown on the entry form, and provided further that the same name, which in the case of an imported dog must be the name on the foreign registration, is used for the dog each time.

An individually registered dog with a foreign or domestic registry organization whose pedigrees are acceptable for AKC registration may be entered in licensed or member trials that are held not later than 30 days after the date of the first licensed or member trial in which the dog was entered, unless the owner has received from the AKC an extension notice authorizing further entries of the hound with its foreign registration number. No such extension will be granted unless the owner can clearly demonstrate, in a letter addressed to the Performance Events Department of The AKC, that the delay in registration is due to circumstances for which he is not responsible. Such extension notice will be void upon registration of the dog or upon expiration of the period for which the extension has been granted if that occurs earlier, but upon application further extensions may be granted.

Spayed and neutered hounds are eligible to participate in AKC Lure Coursing Test and Trial Events; monorchid and cryptorchid hounds are ineligible. Conditionally Registered dogs are eligible to participate.

Those sighthound breeds enrolled in AKC’s FSS program which have been approved by the AKC Board to participate in Lure Coursing events are eligible to compete in Lure Coursing Tests and Trials. FSS breeds may earn the titles of Junior Courser, Senior Courser and Master Courser and may be certified as a Qualified Courser.

SECTION 5. RULES APPLYING TO REGISTRATION AND DISCIPLINE. All of the American Kennel Club’s Rules Applying to Registration and Discipline shall apply to all AKC Lure Coursing tests and trials held under these Regulations. The power conferred by Chapter 5, Section 2, of the aforesaid Rules to suspend a person from all privileges of The American Kennel Club applies only to committees at licensed or member events. At a sanctioned event, the committee collects evidence, holds a hearing, if warranted, and reports its findings and conclusions to The American Kennel Club.

SECTION 6. RISK. The owner or handler entering a hound in a test or trial does so at his or her own risk and agrees to assume responsibility for any damage to facilities or persons, caused by him or her or by his or her hound(s).

CHAPTER II

SECTION 1. ELIGIBILITY TO HOLD LURE COURSING TESTS AND TRIALS. The Board of Directors of The American Kennel Club, at its discretion, may grant permission to a club to hold twelve (12) lure coursing tests and/or eight (8) trials per year which shall be governed by such Regulations as approved by The AKC Board of Directors.

SECTION 2. MAKING APPLICATION. A club that meets the requirements of The American Kennel Club and wishes to hold a lure coursing test and/or trial at which qualifying scores or championship points toward titles may be earned must make application to The American Kennel Club on the AKC form designated and provided for permission to hold each event. An application fee of \$35.00 per event must accompany each application.

An event may include one test and one trial per day. A second test ran on the same day must be applied for as a separate event.

If circumstances prior to the first day of an event require a club to cancel the event, or to change the approved location, the event-giving club must notify The AKC, in advance, if possible.

Applications for licensed and member club lure coursing tests and/or trials must be submitted to The AKC at least ninety (90) days prior to the date(s) of the event. A club may be approved to hold a lure coursing test and trial on the same day(s). Events may be requested and approved for publication prior to the 90 day requirement without listing judge and assignments; however, final approval will be withheld until the Judges Panel is received.

Note: The Judges Panel must be received no later than 90 days prior to the event date.

A club that meets all of the requirements of The American Kennel Club may be approved to hold a sanctioned test or trial by applying on a form designated and provided by The American Kennel Club. Sanctioned test and/or trial applications must be received by The AKC at least twenty-eight (28) days prior to the date(s) of the event(s).

A club that has held a trial or trials in any one year shall have first right to host a trial or trials on the corresponding date(s) in the succeeding year.

All-breed lure coursing tests/trials to be held on the same date must be no less than 100 miles apart.

A club must hold a minimum of one trial (not a test) every other calendar year to remain active with the AKC.

All sanctioned events shall be governed under the same

rules and regulations as member licensed events unless otherwise indicated.

SECTION 3. ENTRY FEES, REFUNDS. Entry fees shall be fixed by the host club and shall be forfeited by the owner or agent in such cases where hounds are scratched from the field for causes, except as follows:

1. Hounds determined to be lame, unfit to compete, or to have breed disqualifications by the Inspection Committee, owner or agent at the time of roll call or upon previous notification by the owner or agent. These hounds shall be barred from competition and their entry fees shall be refunded.

2. Bitches in season, or bitches which come in season after the close of entries, shall be barred from participating in the test or trial and their entry fees shall be refunded. Notification to the Field Secretary of bitches in season must be made before or during the roll call. Bitches known to be in season shall not be brought onto the trial grounds.

3. A club must treat all entrants in a similar manner. No club or member of a club shall offer special consideration to an entrant. This includes but is not limited to special treatment regarding entering an event, special treatment during the draw or any financial or in-kind incentive. *Exception – with regard to entering an event, specialty clubs may give preference to their breed provided it is a limited entry event.*

Except a club, at its discretion, may allow for a reduced entry fee for dogs handled by juniors. The reduced entry fee may only apply to specific classes or may apply to all classes in the trial. The reduced entry fee shall be published in the premium list. A junior is defined as someone less than 18 years of age on the first day of the event. The junior must handle the dog in the class to qualify for the reduced entry fee. If the dog is entered under this provision but the junior does not handle the dog, the owner must pay the regular entry fee as published.

CHAPTER III

SECTION 1. APPOINTMENT OF LURE COURSING TEST AND TRIAL COMMITTEE.

A club that has been granted permission by The American Kennel Club to hold a test or trial must appoint a lure coursing test or trial committee (Field Committee) which will have complete responsibility for the planning and the orderly conduct of the event.

The names of all test or trial officials and the addresses and phone numbers of the Chairman and Secretary shall be included in the premium list. The Field Committee shall include no less than five club members (including the Field Chairman). At least three club members must be present on the event grounds at all times during the running of the test and/or trial. The Field Committee is responsible for compliance with all regulations and has the authority

to decide upon all matters arising during the running of the event, except for those matters coming under the sole jurisdiction of the judge(s).

The Committee shall be responsible for the duties enumerated in the following sections which may be delegated.

Note: All members of the Field Trial Committee involved in the preliminary investigation, and/or official misconduct hearing must be members of the event-giving club.

When a dog is seriously injured or dies in connection with an event, the Event Committee must conduct a preliminary investigation to determine if negligence or the willful conduct of an individual caused the injury or death. If the preliminary investigation determines that there was no negligence or willful conduct causing the injury or death, then a written report of the findings of the preliminary investigation must be submitted to the AKC (Attn: Executive Secretary), 260 Madison Avenue, Fourth Floor, New York, NY 10016 within five (5) days. If the Event Committee determines that negligence or willful conduct may have caused the death or serious injury, the Event Committee must hold an Event Hearing.

Note: Any club that wishes to accept hounds for roll call prior to the published time may do so only if acceptance prior to published time is listed in the premium and also stated in the cover letter (if one is used). Acceptance time must be listed in the premium and the cover letter (if one is used); e.g., Early acceptance may begin one-half hour prior to publish test or trial hours.

Failure to adhere to this policy may result in a fine, failure to receive approval for future events or both.

5. Any Field Secretary or host club which accepts an entry fee other than that published in its premium list, or in any way discriminates between entrants, shall be disciplined. All persons found guilty of paying or receiving any monies, special inducements or allowances in violation of the foregoing shall be disciplined.

Except a club, at its discretion, may allow for a reduced entry fee for dogs handled by juniors. The reduced entry fee may only apply to specific classes or may apply to all classes in the trial. The reduced entry fee shall be published in the premium list. A junior is defined as someone less than 18 years of age on the first day of the event. The junior must handle the dog in the class to qualify for the reduced entry fee. If the dog is entered under this provision but the junior does not handle the dog, the owner must pay the regular entry fee as published.

Each entry must be completed in full and the information given on the form must be that which applies to that entered hound. The entry form must be signed by the owner or agent duly authorized to make the entry.

5. Shall stop the lure on a signal from the Huntmaster or Judge, but shall automatically stop the lure any time a hound becomes entangled in the string or when a potentially dangerous situation may develop.

6. Shall not operate the lure for any stake in which he or a member of his immediate family or household owns or co-owns an entered hound.

7. The same lure operator shall operate the lure throughout an entire stake.

SECTION 7. INSPECTION AND MEASURING COMMITTEE.

The wicket should not be placed on the neck in front of the shoulder or on the spinal column behind the withers. At least two members of the Inspection Committee must agree that a hound is or is not compliant with Whippet height requirements.

(c) Handlers will be allowed only two minutes to position their hounds in a proper standing position. Hounds that cannot be made to stand in the proper position for measurement within the allotted time will not be allowed to course, and their entry fees will be refunded.

(d) All Whippets will be measured only once and at the time of roll call at each and every Field Trial. Whippet Field Champions which measure out will be barred from running, but shall retain the title.

SECTION 8. PADDOCK MASTER.

Shall call the hounds for the next course to the paddock and insure the hounds are properly blanketed.

SECTION 9. FIELD COMMITTEE.

1. Field Committees may make additional regulations for the governing of their events as shall be considered necessary and proper, provided that such regulations do not conflict with, change or modify any Rules or Regulations of The American Kennel Club. Such additional regulations shall be printed and distributed with the premium list, and violations thereof shall be considered the same as violations of the Rules and Regulations of The AKC.

2. The decisions of the Field Committee shall be final, conclusive and binding on all parties, in all matters occurring on the day of the event, except for matters coming within the jurisdiction of the Judge(s). Such Committee decisions must be made in accord with the general regulations and standard procedures that apply to the test or trial being held.

3. The decision of the Judge is final in all matters relating to the merits of a dogs performance. If the judge has concerns regarding field conditions, these should be communicated to the Field Committee. It is the Field Committee's responsibility to insure the field conditions are safe. The Field Committee has the authority to cancel an event if they believe the field conditions are not safe and the circumstances can not be corrected.

4. If it becomes necessary to replace an advertised judge after the opening of the event, the Field Committee may select any qualified person provided such person is in

good standing with The AKC. The Field Committee must announce and post the name of any substitute judge before the draw for the stake at which he is to officiate. All scores of the Judge replaced shall stand as recorded.

5. If a judge is substituted, the owner or handler of a hound entered in that stake has the option of withdrawing the hound before the draw and receiving an entry fee refund. If, after the draw, a judge must be substituted, no refunds shall be made.

6. In the event that the advertised Lure Operator cannot perform his assignment, the Field Committee must select a substitute Lure Operator and must announce the name of that substitute before the draw for the stake at which he is to operate the lure. If an unadvertised Lure Operator is substituted, the owner or handler of a hound entered in that stake has the option of withdrawing his hound before the draw and receiving an entry fee refund. If a Lure Operator must be substituted after the draw, no refunds shall be made. The advertised Lure Operator shall make every effort to complete his assignment.

7. The Field Committee shall handle all official protests on the day of the event as specified in Chapter XIII.

8. A Field Committee may decline any entry or remove any hound from the event grounds for cause. In each instance, the club or association shall file good and sufficient reasons for so doing with The American Kennel Club.

8. (*Effective 1/1/11*) To maintain judging eligibility existing judges must attend a seminar or pass an open book written test (85% correct) within six years of the event date they are asked to judge.

SECTION 1B. DOG’S ELIGIBILITY TO ENTER UNDER A JUDGE. A dog is not eligible to be entered or to compete in any stake if a judge of that stake or any member of his or her family has owned, sold, held under lease, boarded, trained or handled the dog, within one year prior to the date of the event.

SECTION 2. JUDGES HANDLING HOUNDS. No judge shall handle a hound in the stake(s) that he is officiating. No judge shall officiate over any stake where a hound is owned or co-owned by any member of their immediate family or a member of their immediate household. Such hounds may be entered at that event in stakes the Judge is not officiating.

A judge cannot stop judging a stake to handle a hound in another stake.

SECTION 3. COURSE INSPECTION. Each judge, before beginning his assignment, shall walk the course to verify that the course plan is properly set up and free of hazards insofar as possible. If the Judge has concerns, these should be communicated to the Field Committee. It is the Field Committee’s responsibility to insure safe conditions. If the Field Committee decides there are unsafe conditions that cannot be corrected, the Field Committee may cancel the event. Entry fees shall be refunded by the host club, and the Judge(s) shall be reimbursed his expenses. The Judge, however, will not receive any additional funds or payment as may have been previously agreed to by the hosting club or association.

The Field Committee shall have the option to reschedule the event, and if rescheduled, entry refunds will be processed only for those declining attendance and participation in the rescheduled event.

SECTION 4. PRE-COURSE BRIEFING (LURE COURSING TESTS). Prior to running any course in a Lure Coursing Test, the judge(s) shall call the handlers together for a review of what is expected of the handlers and hounds—as well as to be sure all handlers are aware of handling and safety procedures.

SECTION 5. DISCUSSION DURING JUDGING.

While on the field during his judging assignment, no judge shall discuss anything relative to his judging assignment with any handler or agent.

SECTION 6. CALLING A NO-COURSE. A judge may call a no-course for the following reasons:

- 1. If the hounds are interfered with or disrupted, or if the Judge cannot fairly score the course;
- 2. If a segment of the lure falls off and any hound reacts to said segment, but only if the Judge(s) cannot fairly score the course;
- 3. If a hound or hounds touch or catch the lure and that action causes interference with the running of the course;
- 4. If a hound, at any time, becomes entangled in the string, the Judge shall order the lure stopped and may declare a no-course;
- 5. If the Lure Operator fails to maintain the 10 - 30 yard limit, and the hounds become unsighted or overrun the lure, the Judge shall have the prerogative to call a no-course.

SECTION 7. SCORING. Hounds shall be judged from the time they enter the field until the time they are removed from the field under the control of a handler. Judges are responsible for scoring all categories in all courses in the preliminaries, finals, runoff, etc. Scoring and placing of winners shall be decided on the basis of qualities evidenced by: Overall Ability, Follow, Speed, Agility and Endurance. Judges shall score in whole numbers only and shall be governed by the following system:

Overall Ability	10 Points
Follow	10 Points
Speed	10 Points
Agility	10 Points
Endurance.....	10 Points
TOTAL.....	50 Points

A qualifying score is 50% or more of the total points from each judge. A dog must complete the course to receive a qualifying score unless, in the judges' opinion, there are extenuating circumstances. A dog whose performance would not be considered by the judge as sufficient to pass a Junior Courser test must not receive a qualifying score.

The total score shall be adjusted as follows:

Less: Pre-slip penalty 1 to 5 points.

A Pre-slip shall be declared when a hound is released or "slipped" before the "T" in Tallyho as sounded by the Huntmaster. In the event a judge suspects a pre-slip has taken place, he may question the Huntmaster, but the ultimate declaration of a pre-slip shall be made by the Judge. Pre-slips shall incur a score penalty of 1 to 5 points at the Judge's discretion. If a no-course is called, the course in which a pre-slip has occurred, the pre-slip penalty shall be carried forward to the completed course.

Less: Course delay penalty 1 to 5 points.

A course delay shall be declared when:

1. A handler or his hound delays the start of a course.
2. When hounds cannot be retrieved at the end of a course after the Huntmaster's "Retrieve your hounds" command.

Course delays shall incur a score penalty of 1 to 5 points at the Judge's discretion. If a no-course is called on the course in which a course delay has occurred, the course delay penalty shall be carried forward to the completed course. Course delay penalties shall be cumulative in the case of repeated offenses.

In the case of excessive course delay, the Judge(s) may excuse a hound from the event.

SECTION 8. ZERO SCORE/FAILURE TO RUN.

A hound failing to run when released in competition shall be given a zero score. A hound with a zero total score in the preliminary course shall be excused from competition for the day and shall not be considered as having been in competition when computing points.

SECTION 9. EXCUSALS. Hounds may be excused from the field by a judge. Hounds excused for the following reasons are considered as having been in competition and shall be counted as a starter when computing points:

1. Hounds which course other hounds rather than the lure.
2. Hounds which excessively delay the course.
3. Hounds that are unfit to compete after the preliminary course but prior to subsequent courses.
4. Handler or owner interference with the course in progress.

Hounds excused for the following reasons are considered as having not been competition and shall not count as a starter when computing points:

1. Hounds not ready to run in the preliminary course when called to the line. Judges shall allow 5 minutes for a hound to arrive at the line.
2. Hounds that are found to be unfit to compete prior to the preliminary course.
3. Hounds receiving a zero total score in the preliminary course.
4. Hounds that run in a position other than where assigned by the draw.

SECTION 10. DISMISSALS. Hounds shall be dismissed by a judge for interfering with the course of another hound. Growling and/or barking, in and of itself, does not constitute grounds for dismissal. Hounds dismissed shall be counted as a starter when computing points. Event Secretaries must note a dog was dismissed on the Lure Coursing Scoresheet. If a dog is dismissed twice, it will be disqualified.

SECTION 11. DISQUALIFIED BY JUDGE. A dog is not eligible to be entered in a licensed or member club Lure

Coursing Test or Trial in any stake except the Singles Stake if the dog has on one occasion been made subject to the following report: If a dog, while under judgment at a Lure Coursing Trial attacks another dog, and the judge is of the opinion that such attack was without reasonable cause, the judge shall identify the offending dog on the judging sheet and the name of the offending dogs shall be listed in the report of the Lure Coursing Trial sent to the American Kennel Club. The disqualified dog may not compete in any AKC lure coursing stake except the Singles Stake until, following application for reinstatement by the owner to The American Kennel Club, the owner receives official notification in writing from the AKC that the dog's eligibility has been reinstated.

Barking and/or growling, in and of itself, does not constitute aggression. If two judges are officiating a stake or class, both must be in agreement on the disqualification, otherwise the hound is dismissed. A hound shall not be disqualified for defending itself when attacked.

Hounds disqualified by the judge are considered as having been in competition when computing points.

SECTION 12. DISQUALIFICATION BY EVENT COMMITTEE.

Any dog, that in the opinion of the Event Committee or The American Kennel Club, attacks a person or a dog at an AKC event, resulting in injury, and is believed by that Event Committee or The American Kennel Club to present a hazard to persons or other dogs shall be disqualified. When the dog is disqualified by the Event Committee pursuant to this section, a report shall be filed immediately with the Executive Secretary of the American Kennel Club.

The disqualified dog may not compete at any AKC event nor be on the grounds of an AKC event unless and until, following application for reinstatement by the owner to The American Kennel Club, the owner receives official notification in writing from the AKC that the dog's eligibility has been reinstated.

Hounds Disqualified by the Event Committee are not considered as having been in competition when computing points.

SECTION 13. DISQUALIFICATIONS.

1. If a hound is Disqualified by the Judge, its privilege to compete in lure coursing will be immediately withdrawn (see Chapter IV, Section 11).

2. If a hound is Disqualified by the Event Committee, its privilege to compete in all AKC events will be immediately withdrawn (see Chapter IV, Section 12).

3. If a hound is dismissed twice, it shall be disqualified from further Lure Coursing competition.

4. The AKC will inform, in writing, the individual or individuals whose hound has had its privilege to compete withdrawn, and cite the reason given for the hound's disqualification.

SECTION 14. REINSTATEMENT. The privilege to compete may be reinstated upon completion of:

1. A minimum of a calendar month of retraining;
2. Certification in writing by two licensed judges or an AKC field representative stating the dog acted appropriately during two reenactments of the incident. The reenactments should involve different dogs or people, depending on the nature of the incident. Neither of the two judges may be owners, co-owners, immediate family of the owners or co-owners, nor reside in the same household as the owners of the disqualified hound.

For dogs that are Disqualified by the Event Committee, the earning of a Canine Good Citizen title is a very logical step in retraining.

3. A letter requesting reinstatement, a check made out for \$50.00 payable to the AKC, and the judge's certifications must be sent to The American Kennel Club from the owner of the hound.

4. A decision by the AKC to reinstate said privilege.
5. A hound disqualified a second time is not eligible for reinstatement.

SECTION 15. RERUNS. If a hound is excused or disqualified, the remaining hound or hounds may be rerun and be scored.

Judges may score a hound(s) in a course and rerun other hounds from the same course. Additionally, if a judge feels confident that a hound(s) that has failed to complete a course can be fairly scored, the Judge may score a hound(s) without a rerun.

SECTION 16. NOTIFYING THE HUNTMASTER. Judges shall immediately inform the Huntmaster when a course is called a no-course or when a hound is excused or disqualified (Chapter III, Section 5, #19).

SECTION 17. REASON FOR EXCUSAL OR DISQUALIFICATION. Judges must state on the Judges Score Sheet the specific reason for excusal or disqualification. If two judges are officiating a stake or class, both must agree to disqualify a hound. Any time a hound is disqualified by a Judge the Disqualification By Judge form must be completed in its entirety and submitted to the AKC with the results.

SECTION 18. CHANGING SCORES. After a course has been judged and the marked score sheets turned over to the Field Clerk, only a judge can change his final score and then only in the case of a mathematical or blanket color error.

SECTION 19. JUDGE'S DECISIONS AND RESPONSIBILITIES. Any decisions made by the event's officiating judge(s) regarding the performance of a hound shall be final. Full discretionary power is given to the judge(s) to withhold any and all qualifications and points for lack of merit. The Judge(s) is responsible for ensuring compliance with the AKC Regulations on the field.

CHAPTER V VETERINARIAN

The club shall have a veterinary clinic or a veterinarian on call whose name, address and telephone number shall appear in the premium list. Veterinary assistance shall be available within a reasonable time and/or distance, should it be necessary.

CHAPTER VI RIBBONS AND ROSETTES

SECTION 1. TESTS. A club holding a licensed or member club lure coursing test shall offer a ribbon or rosette to each dog that receives a qualification toward its Junior Courser (JC) title or Qualified Courser (QC) certificate.

Each ribbon or rosette shall be at least two inches wide and approximately eight inches long and shall bear on its face a facsimile of the seal of The American Kennel Club, the words "Lure Coursing Test Qualifying Course," and the name of the test-giving club. Ribbons and rosettes shall be dark green in color, and rosettes shall have a white center streamer and white button.

If ribbons or rosettes are awarded at sanctioned coursing tests they shall be awarded only to hounds receiving certification and shall be light green.

SECTION 2. TRIALS. A club holding a licensed or member club lure coursing trial shall offer prize ribbons or rosettes for all placements. Each ribbon or rosette shall be at least two inches wide and approximately eight inches long and shall bear on its face a facsimile of the seal of The American Kennel Club, the words "Lure Coursing Trial," the name of the prize (first, second, etc.) and the name of the trial-giving club.

The colors of the ribbons or rosettes for the stakes and Best In Field shall be:

- * First Place Blue
- * Second Place Red
- * Third Place Yellow
- * Fourth Place White
- * Fifth Place Pink
- * Best of Breed Purple and Gold
- * Best In Field Red, White & Blue

Trophies may be awarded to any or all placements and to hounds receiving qualifying scores at lure coursing trials.

If ribbons or rosettes are awarded at sanctioned lure coursing trials, they shall be awarded only to placing hounds receiving qualifying scores and shall be the following colors:

- * First Rose
- * Second Brown
- * Third Light Green

- * Fourth Gray
- * Fifth Orange
- * Best of Breed Lavender and White
- * Best In Field Pink and Green

CHAPTER VIII

RUNNING THE MEET, TRIAL AND TEST PROGRAMS

No hound may enter more than one stake.

SECTION 1. JUNIOR COURSER and QUALIFIED COURSER TESTS. These tests are open to hounds at least 12 months of age. The course is a minimum of 600 yards with a minimum of four (4) turns.

SECTION 2. OPEN STAKE. Open to all hounds that have obtained an AKC Qualified Courser certificate or an ASFA Certification Course certificate. This requirement will be waived for hounds that have earned a Field Championship title from the American Sighthound Field Association (ASFA) or the Canadian Kennel Club (CKC). ASFA or CKC Field Champions must submit a copy of their title certificate to the host club when they enter their first AKC Open Stake. This copy must be included when the results of the trial are sent to the AKC.

Championship points earned from the Open Stake will only count toward a Field Champion title.

Hounds that have earned an AKC Field Championship title of record are not eligible to enter the Open Stake.

SECTION 3. SPECIALS STAKE. Open to all hounds that have earned their AKC Field Championship titles. Championship points earned from the Specials Stake will count toward Lure Courser Excellent titles.

Qualifying scores earned from the Specials Stake will count toward a Senior Courser or Master Courser title.

SECTION 4. VETERAN STAKE. Is offered at the option of the host club. Open to all hounds which are eligible to enter Open or Special stakes and meet the age requirement for a veteran as established by the breed's parent club – 6 years of age; except Irish Wolfhounds = 5 years, Whippets = 7 years, Rhodesian Ridgebacks = 7 years, Salukis = 7 years, and Afghan Hounds = 7 years, and Ibizan Hounds = 7 years. Championship points will be awarded. Points won from the Veteran Stake may count toward either a Field Championship title or Lure Courser Excellent title.

SECTION 5. SINGLES STAKE. A Singles Stake may be offered at a lure coursing trial at the option of the host club. If a Singles Stake is offered, it must appear in the event premium list. No points or passes counting toward AKC titles shall be awarded. All regulations pertaining to regular stakes shall apply unless modified by the regulations specific to this stake. Singles Stakes shall be run as follows:

(a) Open to all sighthound breeds approved to participate in AKC Lure Coursing trials.

(b) Hounds with breed disqualifications are eligible to enter.

(c) Hounds entered in the Singles Stake shall not be allowed to enter the regular stakes (open, specials or veteran) at the same event.

(d) Order of running shall be determined by random draw.

(e) Each hound shall run the course alone.

(f) Judges shall score a dogs performance the same as a regular stake.

(g) Single Stake entries from all breeds shall be combined to determine placements.

(h) Placements shall be awarded based on the combined preliminary and final course scores. The winner of the stake shall not be eligible to compete in Best of Breed and/ or Best in Field courses.

(i) The host club shall award ribbons to placing hounds. Ribbon colors applicable to regular stakes shall apply. No Best of Breed ribbon will be awarded.

(j) Results shall be recorded on a Single Stake result form and submitted with trial results. Results form: www.akc.org/pdfs/events/lure_coursing/JERSC7.pdf.

(k) The recording fee (per capita fee) applicable to regular lure coursing entries shall apply to entries in Singles Stakes.

(l) Placements (1st – 5th) will be published on a special Singles Stake results webpage: <http://www.akc.org/events/lure-coursing/single-stakes-results/>.

(m) Placements in Singles Stakes will not appear on a dog's record.

(n) Only approved AKC lure coursing judges may judge a Singles Stake. The judges shall be the same for the entire stake. Judging a Singles Stake by itself shall not be counted as an event judged.

(o) The host club may place a limit on the Singles Stake separate from any limit placed on entries at the test/trial.

(p) Dogs that have been disqualified by a judge (see Chapter IV, Section 11) may enter Single Stakes. Note: Dogs that have been disqualified by an event committee are not eligible to participate in Single stakes. (See Chapter IV, Section 12).

SECTION 6. The following applies to all stakes.

1. Once the running order of stakes has been posted for the public there will be no changes made in the order.

2. Every sound entry in a stake not excused, disqualified or receiving a zero score shall be run twice. The order of running for both courses shall be by random draw.

3. Hounds must not be withdrawn between the preliminary and final course (except as specified in #2 above) in order to direct points toward specific dogs. This is viewed as unsportsmanlike conduct and discredits the legitimacy of the sport.

4. Hounds absent at roll call or at the running of their course shall be scratched after a five (5) minute grace period.

5. After completion and posting of final score, all hounds no longer required for further judging are excused.

6. The top five placing hounds in each stake shall be determined by the combined scores of the preliminary and final runs.

7. Ties for the top five placements in any stake must be run off or forfeited. If not run-off or forfeited, all tied hounds will receive the lowest placement.

If there is a tie for first place in a stake and there are dogs from only two stakes that are going to run off for Best of Breed, these three dogs shall be run together to determine the stake winner and Best of Breed.

Best of Breed

8. The highest placing hound in each stake of a breed will compete for Best of Breed. If there was only one breed stake, the winner of that stake will be awarded Best of Breed.

9. If Best of Breed cannot be determined initially with one run, or there is more than one winner of the same stake for any of the three stakes (Open, Specials, Veteran) likely due to splits where there are higher entries, any and all winners of each stake will be randomly drawn into the Best of Breed run. The highest scoring hound will be awarded Best of Breed for that breed. High score will also be used to determine the 1st placing hound for any stake in which there was more than one stake winner prior to the Best of Breed draw. In no case will any winners of the same stake be run against each other in a run off prior to the Best of Breed draw for the purposes of determining the top dog (overall winner) of the Open, Specials or Veteran stakes. Ties for Best of Breed shall be run off or forfeited.

10. All hounds entered in a given stake shall be divided into trios, if possible, or braces. Hounds shall be designated by colors according to their drawing.

First number drawn – bright **YELLOW**

(place on left)

Second number drawn – bright **PINK**

(middle or on the right in braces)

Third number drawn – bright **BLUE**

(place on right)

11. Stakes shall be split each time the entry is sufficient to hold two (2) or more five (5) point majors.

SECTION 7. CONDUCTING THE DRAW. The running order of the hounds in all stakes shall be established by a random drawing. The draw will be conducted at the time and on the date specified in the premium list for the closing and drawing of entries, and is open to all who wish to attend.

The Field Secretary or Field Chairman shall be responsible for the draw.

1. The order and arrangements of hounds coursing shall be determined by a random drawing by breed at the time of the draw. Multiple entries from the same owner shall be divided as evenly as possible between stakes when there is more than one stake.

2. Upon request from an owner or owner's agent on either the entry form or at roll call, multiple entries from an owner shall be divided as evenly as possible between the courses if possible. This does not apply to the Best in Field Competition.

3. When there is but a single course in a regular stake in which an owner or his duly authorized agent has more than one hound, these hounds will be run together or one or more will be scratched by the owner or his duly authorized agent, without refund of entry fee.

4. If only one member of a breed is entered, that hound may be run with another breed if all the handlers involved agree. The hounds would be scored and placed separately.

5. A single entry in a stake may be drawn to run with any other stake of that breed if all the handlers involved agree. The hounds would be scored separately. The judges shall not be informed which courses are combined.

6. If a hound is run in a position other than where it was assigned by the draw, that hound will be excused. The other hounds in the stake will be scored.

7. After the draw is completed, should for any reason a competing hound fail to appear within the five (5) minute grace period for its course, it shall be excused for the day. If a single hound remains to run the drawn course, it may be run alone in its assigned blanket color or it may be reassigned to another drawn course should one exist, only if that course is comprised of a brace.

8. All draws must be open to the public.

SECTION 8. BEST IN FIELD. Best In Field shall be offered. All Best of Breed winners with the exception of Portuguese Podengo Pequenos, and FSS breeds shall be eligible to compete in the Best In Field competition. The host club shall so indicate this in the premium list.

(1) Each hound will be run once, in a trio if possible, or brace. In the case of a tie for Best In Field the hounds will run off or forfeit.

(2) The order of running is to be determined by random draw.

(3) Multiple entries from one owner will not be split into separate courses, if drawn together.

(4) The highest scoring hound will be declared the Best In Field winner on that day, and will be awarded points equal to the maximum number of points awarded to any hound running in the Best in Field competition. *Additional points cannot be won through forfeiture.* In order for the maximum number of championship points to be awarded to the BIF winner, there shall be at least two hounds in BIF competition.

(5) An excusal or disqualification in the BIF competition will not affect a hound's prior awards earned on that day.

(6) A single entry in a breed receiving a qualifying score with competition in a Best In Field Course will receive a certification toward the Senior Courser title.

SECTION 9. HANDLERS.

1. A person may handle any number of hounds during a trial, but may not handle more than one hound in each course of that trial.

2. Any owner who deputizes another person to handle his hound must not interfere with the hound or handler throughout the duration of the course.

3. Handlers shall provide each hound with a simplified lead which will give almost instantaneous freedom to the hound when the "Tallyho" signal is called by the Huntmaster. Recommended slip leads are those consisting of a leather or webbing strap with a wide collar and double or single rings.

4. No collar or paraphernalia shall be on the hound during the running of the course except the blanket. Protective coverings in colors including yellow, pink and blue are acceptable. Dogs may be muzzled at the owner's discretion. Muzzles must not have sharp, hard edges and must allow the hound to breathe. Special Training devices that are used to control and train dogs, including but not limited to, collars with prongs, electronic training devices may not be used on dogs at AKC events. Head halters, such as the Gentle Leader or Halti, may be used on the grounds but must not be worn while running the course.

CHAPTER IX RECORDING FEES

At every licensed and member club test and trial held under these Regulations, a recording fee of \$3.50 shall be required for every entry. The recording fee is payable to The American Kennel Club and is to help defray expenses involved in maintaining the records, and applies to all entries, regardless of whether or not they participate, unless the entry fee is refunded in whole.

CHAPTER X SUBMISSION OF RECORDS

Clubs holding licensed or member tests or trials must utilize the standard American Kennel Club Official Report Forms which will be automatically supplied to the Lure Coursing Secretary following approval of the events.

All records of the event in accordance with packet instructions and current AKC Lure Coursing records policies **must be sent to the American Kennel Club so as to reach its office within seven (7) days after the close of the event.** Entry forms should not be sent to the AKC.

A club or association holding a licensed or member lure coursing test or trial shall retain a copy of the official record sheets for at least one year.

Penalty for non-compliance is twenty-five dollars (\$25.00) and five dollars (\$5.00) for each day beyond the deadline, and other such penalties as may be imposed by The American Kennel Club.

CHAPTER XI CANCELLATION OF AWARDS

If an ineligible hound has been entered and run in a licensed or member test or trial, or if the person or persons named as owner or owners on the entry form are not the person or persons who actually owned the hound at the time entries closed, or if a hound is run in a class for which it has not been entered, or if its entry form is deemed invalid by The American Kennel Club under the Rules and Regulations, all resulting qualifying scores and/or placements, as applicable to the hound in question, shall be canceled by The American Kennel Club.

If a placement and/or qualifying score of a hound is canceled by The American Kennel Club, the entrant of the hound shall return all prizes to the secretary of the trial or test giving club within ten (10) days of receipt of notice from The American Kennel Club of said cancellation.

If at a trial a placement is canceled, the hound next in order of merit shall be moved up, and the new placement of the hound(s) moved up shall be counted the same as if it had received the original award.

CHAPTER XII TITLES

SECTION 1. TITLES OR CERTIFICATES. (Suffix to a hound's name)

A. JUNIOR COURSER (JC) TITLE. (Suffix title)

A hound at least 12 months of age running alone shall receive one qualification from a judge, and a second qualification from a different judge at a separate event, stating that the hound completed the course with enthusiasm and without interruption. The two qualifying runs can be earned on the same date. After earning a JC title, a hound may continue to enter JC tests for the pleasure of the dog and owner.

B. QUALIFIED COURSER (QC) CERTIFICATE.

A hound at least 12 months of age (Qualifying Hound) running with another hound of the same breed—or another breed with a similar running style—(Testing Hound) shall receive certification from a licensed judge. The qualifying hound must complete the course with enthusiasm and without interruption, sufficiently course the lure and not course the Testing Hound. The testing hound must run a sufficient length of the course to allow evaluation of the qualifying hound. If two non-qualified hounds are run together, both dogs can be certified by the judge. It must be understood that if one dog fails to complete the course, the other dog may not qualify. The judge will certify that the Qualifying Hound ran cleanly and did not appear to present a hazard to the Testing Hound at any point in the qualifying course. This certificate is required to enter a hound in an Open Stake.

The handler presenting the Qualifying Hound shall be responsible for providing the Testing Hound for the qualifying course.

Upon successful completion of the Qualified Courser test, the judge completes a certificate and awards it to the handler. This certificate must be submitted to the host club with the hound's first entry in an Open Stake. An ASFA Certification Course certificate may be submitted in lieu of the AKC Qualified Course certificate. The certificate must be included when the results of the trial are sent to the AKC.

It is strongly recommended that every Qualifying Hound have been run previously alone and that to the handler's satisfaction runs cleanly and keenly. It is additionally recommended that every Qualifying Hound practices with other hounds prior to being presented for a qualifying courser test. It is to be understood by all that training prior to running a hound with other hounds in competition is essential to ensure that the hound is prepared to run safely with other hounds.

A major is a first placement of three, four, or five points according to the Schedule of Points By Breed.

The 2 nd place hound earns =	3	2	1

Calculation of championship points awarded to the BOB winner shall include the number of starters from the other stake(s) provided the winner of the stake competes in the BOB run-off. The BOB winner shall receive no additional points through forfeiture. For example, if two hounds are eligible to compete for BOB and one chooses to forfeit, the calculation of championship points for the remaining dog shall not include the starters from the forfeiting dog's stake. A dog that "scratches on the starting line" has not competed in the run-off and shall not count as a starter when determining championship points.

However, if after a BOB runoff, the hounds are tied, the win may be forfeited and the dog that does not forfeit may include the starters from the forfeiting dog's stake in the calculation of championship points.

SECTION 5. Only official American Kennel Club Titles may be included in any AKC publication, including event publications, e.g. premium lists, catalogs, etc. Official AKC titles can be found at: www.akc.org/events/titles.cfm.

CHAPTER XIII

PROTESTS OF ELIGIBILITY

SECTION 1. PROTESTS AGAINST HOUNDS.

Any person who owns a hound entered in the test or trial, or who handles a hound in the test or trial may make a protest to the Field Committee against any participating hound either before or after the hound has run, alleging that it is ineligible to participate in the test or trial as entered. Such a protest shall be in writing, shall identify the hound protested and specify the basis for the protest, shall bear the signature and address of the person who makes it and shall describe his qualifications for making the protest. It shall be filed with the test or trial Secretary or with the Chairman of the Field Committee before the completion of the event, and shall be accompanied by a deposit of \$25.00, which shall be returned if the protest is sustained, or which will be forfeited if the protest is not sustained.

If such a protest is received, the Field Committee shall hold a meeting as soon as possible—consisting of at least three (3) members of the club or association holding the event. The person who makes the protest must be present, and the Committee shall give all parties concerned an opportunity to be heard and to present witnesses and evidence. The Committee may call for additional evidence from other qualified persons present at the event. After hearing all of the evidence the Committee shall consider the matter and shall, if possible, reach an immediate decision and inform the persons involved.

In order to ensure impartiality, no person who owns or co-owns the dog being protested or a dog that will move up in the placements if the protest is sustained, or any member of their household, and no professional trainer who has trained or handled these dogs within the past year, may serve on the Committee hearing the protest. The Committee may vote to excuse anyone from the Committee if there are unique situations that cause the Committee to question an individual's ability to be impartial.

A report of the meeting, giving all of the essential evidence and the Committee's decision, together with the original written protest and the \$25.00 deposit, if not refunded, must be mailed to The American Kennel Club postmarked within nine (9) days after completion of the event.

An appeal to The American Kennel Club from a decision of a committee on any such protest may be made by either the owner of the hound protested or the person who made the protest. The appeal must be received by The American Kennel Club within thirty (30) days after the date of the committee's decision.

CHAPTER XV DEALING WITH MISCONDUCT

SECTION 1. MISCONDUCT COMPLAINT. Any person can file and submit a complaint alleging prejudicial conduct at or in connection with an event to the Event Committee. A complaint must be filed in writing and submitted to the Event Committee in accordance with Dealing with Misconduct at American Kennel Club Events, Section VII. The purpose of the Dealing with Misconduct at American Kennel Club Events booklet is to provide a consistent and fair process by which to address alleged acts of prejudicial conduct. A complaint may be filed by anyone at the event, including but not limited to, a club member, judge, field rep, spectator, or committee member, etc. The Event Committee composition must be in accordance with Dealing with Misconduct at American Kennel Club Events, Section III.

SECTION 2. ACTS OF MISCONDUCT. Proceedings under Article XIV, Section 1, of The Charter and Bylaws of the American Kennel Club, Inc, may involve different types of conduct. One test in connection with any kind of scene or altercation occurring during an event is whether a family attending an event for the first time would be likely to decide, after witnessing such an incident, that the sport is not for them. Among the kinds of conduct that may occur are a demonstration of dissatisfaction with a judge’s or official’s decision including refusal to accept a ribbon or throwing a ribbon on the ground, altercations with officials or participants, abusive or foul language in public, and mistreatment of a dog are all examples of acts of misconduct. If there is any indication that a purportedly abused dog is physically injured, it is the duty of the committee to have it examined as soon as possibly by a veterinarian, and a detailed report made of the physical injuries.

SECTION 3. RESPONSIBILITY OF THE EVENT COMMITTEE. When a written complaint is submitted to the Event Committee, the Committee on the day the alleged incident occurred, the Committee is obligated to investigate.

It is the duty of the Committee, not of the AKC, to deal initially with acts of alleged prejudicial conduct which occur at or in connection with a club's event. The AKC will support a Committee which properly executes its powers, but when a Committee fails to fulfill its obligations in this respect, serious questions arise as to whether the club should be allowed to hold future events under AKC rules. In situations where the club fails to meet its obligations, the Board of Directors of the AKC, after review, may impose a fine or withhold approval of events, or both.

Following an incident, the Event Committee should conduct a preliminary investigation. The purpose of a preliminary investigation is to establish whether the nature of the incident, if proven, would constitute prejudicial conduct, not to establish guilt or innocence of the party or parties involved in the incident. In order to ensure an impartial hearing, all members of the Event Committee must be prepared to carry out the duties fairly and impartially. The composition of the Event Committee is addressed in the Dealing with Misconduct at American Kennel Club Events, Section III.

Note: The power conferred to suspend a person from all privileges of The American Kennel Club applies only to Event Committees at licensed or member events.

The Event Committee report of any action taken under this Section shall be submitted so as to be received within five (5) days of the hearing or incident to the American Kennel Club.

After the Event Committee report is sent to AKC, the Staff Event Committee will review the report to determine if there are any serious procedural errors and that the recorded evidence substantiates the findings of the Event Committee.

AKC provides the following resources on the www.akc.org/rules webpage found under "Dealing with Misconduct at AKC Events" in order to assist host clubs and exhibitors learn the procedures for making and handling a formal misconduct complaint.

CHAPTER XVI

REGULATION VIOLATIONS

SECTION 1. REGULATION VIOLATION COMPLAINT.

A written complaint pertaining to a violation in the regulations must include the name of the person making the complaint as well as who specifically was in violation and what the violation was. The written complaint must be sent to the Performance Events Department. The complaint must provide as much detail as possible and include the specifics regarding the suspected regulation violation. Complaints that lack evidence or cogent information will be more difficult to address. The Performance Events Department will review the complaint and in doing so may request further information in order to determine if any action should or can be taken. The Performance Events Department may refer or consult with other departments or individuals related to the event. Each complaint will be handled individually and as thoroughly as possible so the time taken to review a complaint will vary. Issues with more complexity will take longer to review.

If a club or exhibitor needs assistance regarding a regulation violation, they should contact the Performance Events Department 919-816-3908 Monday to Friday, 8:15AM to 4:30PM (EST) or email: lurecoursing@akc.org.

AKC Code of Sportsmanship

PREFACE: The sport of purebred dog competitive events dates prior to 1884, the year of AKC's birth. Shared values of those involved in the sport include principles of sportsmanship. They are practiced in all sectors of our sport: conformation, performance and companion. Many believe that these principles of sportsmanship are the prime reason why our sport has thrived for over one hundred years. With the belief that it is useful to periodically articulate the fundamentals of our sport, this code is presented.

- Sportsmen respect the history, traditions and integrity of the sport of purebred dogs.
- Sportsmen commit themselves to values of fair play, honesty, courtesy, and vigorous competition, as well as winning and losing with grace.
- Sportsmen refuse to compromise their commitment and obligation to the sport of purebred dogs by injecting personal advantage or consideration into their decisions or behavior.
- The sportsman judge judges only on the merits of the dogs and considers no other factors.
- The sportsman judge or exhibitor accepts constructive criticism.
- The sportsman exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsman exhibitor refuses to compromise the impartiality of a judge.
- The sportsman respects the AKC bylaws, rules, regulations and policies governing the sport of purebred dogs.
- Sportsmen find that vigorous competition and civility are not inconsistent and are able to appreciate the merit of their competition and the effort of competitors.
- Sportsmen welcome, encourage and support newcomers to the sport.
- Sportsmen will deal fairly with all those who trade with them.
- Sportsmen are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportsmen spurn any opportunity to take personal advantage of positions offered or bestowed upon them.
- Sportsmen always consider as paramount the welfare of their dog.
- Sportsmen refuse to embarrass the sport, the American Kennel Club, or themselves while taking part in the sport.

For the purpose of these Regulations, words used in the masculine gender include the feminine and the masculine, and the singular or plural. The word hound wherever used in these Regulations includes both sexes.
